About the MGMA-ACMPE Leadership Development Program:

The MGMA-ACMPE Leadership Development Program is a long-term effort that was initiated by the Boards of Directors in August 2002. The overall goal of the program is to strengthen the association's volunteer leadership so that volunteer service in MGMA and ACMPE is both productive and rewarding.

The MGMA-ACMPE Leadership Development Program has three main elements:

- Association Information Online located on the MGMA website at: www.mgma.com/education/leadership/library.cfm
- Existing education sessions at the MGMA Annual Conference that address subjects pertaining to leadership in a medical practice as well as MGMA.
