# ABHP

“Striving to uplift the Charleston community through service, mentoring and education.”

*From the MUSC College of Health Professions*

## The Kim Martino Scholarship Fund

To honor the loving memory of Kim O'Bryant Martino, ABHP has established a scholarship in her name. Kim was a graduate of the High School of Charleston, the present site of MUSC's College of Health Professions. She also attended the College of Charleston, where she majored in Early Childhood Education, and the

Medical University of South Carolina, where she was a physical therapy student in the College of Health Professions. She was heavily involved in her church, community, and schools of her children. Not only was Kim a full-time physical therapy student, she was a mother and confidant to her classmates.
