If the above information is received before the last day of classes you will be cleared to receive the graduation date of the current semester. However, a hold will be placed on your file until M.S. students turn in three copies of the final Thesis to the Bindery and a copy of the signature page to the Dean's office. A hold will be placed on Ph.D. students until three copies (1-100% rag, 2-25% rag) of the final Dissertation are turned in to the Dean's office. While this hold is on your file, you will not receive a diploma, transcripts, or have any information released. If your final is not turned in within a reasonable amount of time, the Dean's office will notify your employer that you have not completed the requirements for your degree. If you anticipate a significant delay in finalizing your final Thesis or Dissertation you should notify the Dean's Office to avoid potential problems. You will be required to register for the next semester for a minimum of one hour if the above items are not turned in before the last day of exams. This will change your graduation date to the next semester.

As soon as possible after your successful defense, M.S. and Ph.D. students should schedule an **Exit Interview** with Dean Halushka. Prior to this meeting you should go to the following link <http://www.musc.edu/grad/students/forms/graduation/> click on and complete the on-line student survey. Bring the Graduate information form with you to the exit interview

The **Survey of Earned Doctorates** and the **Doctoral Dissertation Agreement** Form is required of Ph.D. students and must be turned in with your final Dissertation.
