

MUSC Marine Biomedicine and Environmental Sciences Center
Student Research Open House

Friday, 18 July 2008

2 PM Seminar, MRRI Auditorium at Ft. Johnson

"Connections between marine phytoplankton and seawater chemistry: metal ligand production, vitamin B12 cycling, and the development of genomic and proteomic molecular markers for the study of biogeochemical processes"

Mak Saito, Ph.D.

Assistant Scientist

Department of Marine Chemistry and Geochemistry
Woods Hole Oceanographic Institution

3:00 pm to 6:00 pm

**Student Poster Presentations
White House at Ft Johnson**

**-Abstracts and Directions
Available Online at
www.musc.edu/mbes**

-Refreshments Provided
