

ROTATION DESCRIPTION

ROTATION TITLE

Family Medicine Outpatient (PGY1)

PURPOSE

The purpose of this family medicine outpatient rotation is to ensure that the resident develops advanced pharmacotherapeutic skills in the identification and resolution of drug therapy problems, demonstrates appropriate communication skills with patients and other members of the healthcare team, and assures positive drug therapy outcomes.

LEARNING EXPERIENCE DESCRIPTION

The Family Medicine Center is a multidisciplinary health care site consisting of attending physicians, mid-level providers, nursing staff, and pharmacists. It is used as a training area for medical students, physician assistant students, and pharmacy residents and students. The clinic has two patient care areas and also houses a pharmacy and laboratory.

Clinical pharmacy services include: diabetes education and management service (also includes hypertension, hyperlipidemia, and preventive care), anticoagulation management service, drug information services, and multidisciplinary patient education and disease state management. Additional rotation requirements will expose the resident to many evidence-based medicine principles. A typical day begins with preparation of scheduled clinic patients. Appointments are scheduled from 8AM to 5PM. Topic discussions, Bar-N-Grill, and journal club are also incorporated into the rotation. The resident will be provided feedback in the form of formal evaluations (midpoint and final) as well as informal feedback from day to day. The resident should also provide prompt feedback to the preceptor of topics not being properly explained to them and/or of areas of improvement for the preceptor.

LEARNING EXPERIENCE ACTIVITIES

- Provide disease-state management to family medicine patients and participate in multidisciplinary care.
(R 2.2.1, R2.3.1, R2.4.1, R2.4.2, R2.4.3, R2.6.1, R2.6.2, R2.7.1, R2.9.2, R2.10.1, R2.10.2)
- Participate in pharmacotherapy discussions groups, Bar-N-Grill case presentations, and journal club.
(R2.6.1, R2.7.1, R5.1.1, R5.1.2)
- Communicate with Family Medicine inpatient team and provide continuity of care when needed.
(R2.1.1, R2.11.1)
- Document all patient encounters via SOAP note and patient care interventions in the electronic medical record, Practice Partner.
(R2.12.1, R2.12.2)
- Co-precept pharmacy students on ambulatory care rotation as needed.
(R5.1.3)

REQUIREMENTS OF LEARNING EXPERIENCE

Required Hours

~8:00 AM to 5:00 PM

Required Meetings

RITE, Fridays 12-1pm

Seminar, Mondays 1-2pm

Required Presentations

Ambulatory Care Journal Club

Ambulatory Care Discussion Groups (4)

Ambulatory Care Bar-N-Grill

Required Readings

Ambulatory Care Group Pharmacotherapy Discussions, see website

Others as assigned

ROTATION PRECEPTOR(S)

Kelly Ragucci, PharmD, FCCP, BCPS, CDE

Pager 13005

Phone 843-792-1674

Sarah Shrader, PharmD, BCPS

Pager 12991

Phone 843-792-3624

Email shrader@musc.edu

Joli D. Fermo, PharmD, BCPS, CDE, BC-ADM

Phone 843-792-6224

Email fermojd@musc.edu

METHOD OF EVALUATION

Evaluation of residents will be based on the learning experience objectives outlined by the Residency Program Director (RPD). The RPD will identify the specific goals and objectives on which the resident will be evaluated (available in E-Value). The preceptor and resident will review the resident's customized plan and the learning experience introduction document on the first day of rotation. Feedback will include, but not be limited to, verbal and written mid-point and end of rotation evaluations.
