COMPLIANCE CERTIFICATION

Name of Institution **Medical University of South Carolina**

Date of Submission **September 8, 2006**

In order to be accredited by the Commission on Colleges, an institution is required to conduct a comprehensive compliance audit prior to the filing of the Compliance Certification. The comprehensive compliance audit includes an assessment of all programs and courses offered by the institution on-campus and off-campus, and those offered through distance learning. The Compliance Certification, signed by the institution's chief executive officer and accreditation liaison, attests to the institution's honest assessment of compliance with the accreditation requirements of the Commission on Colleges (including Core Requirements, Comprehensive Standards, and Federal Requirements) as applied to all aspects of the institution.

Completion of the Compliance Certification

The Compliance Certification consists of four parts:

- Part 1 Signature Page for the institution's chief executive officer and the accreditation liaison;
- Part 2 List of all substantive changes that have been reported and approved by the Commission since the institution's last reaffirmation as well as the date of approval; and
- Part 3 The institution's assessment of compliance.
- Part 4 An attached and updated "Institutional Summary Form Prepared for Commission Reviews" that (a) lists all locations where coursework toward a degree, certificate, or diploma can be obtained primarily through traditional classroom instruction, and (b) describes distance education credit offerings that can be obtained primarily through electronic means.

For each Part, please follow the directions provided. For Part 2 above, if there have been no institutional changes that required reporting or approval since the institution's last comprehensive review, please indicate it as well.
