

# STUDENT NATIONAL MEDICAL ASSOCIATION

Medical University of South Carolina

*Hosts of the 2005 SNMA Region IV Medical Education Conference*

---

August 18, 2005

Greetings fellow SNMA members!

We hope this letter finds you well and not too overwhelmed by your academic pursuits. The Regional Conference Planning Committee has been busy at work organizing what we hope will be one of the most successful Regional Conferences that Region IV has seen. We have planned an exciting weekend full of educational, social and community projects that promise to make your trip to Charleston, SC, well worth your travel.

The conference will be held **November 18-20, 2005, at the Embassy Suites Hotel/Convention Center in North Charleston, SC.** The theme of this year's conference is *"Educating Our Community, Training Our Leaders: Disparities, Access, and Compliance,"* around which our speakers, workshops, and forums will be centered. As an added bonus, we are giving you the option to join us on the Sights and Insights Tour! This is an hour long historical tour of Charleston highlighting the contributions of African Americans scheduled for Saturday afternoon.

Although we are preparing a dynamic conference for our region, its success weighs heavily on your participation. So, we truly hope that you and your chapter members will come and participate!

For more updates on the conference, please visit our website at <http://www.musc.edu/snma/events.html>. If you have any questions for the planning committee, please contact us at [musc2005conference@yahoo.com](mailto:musc2005conference@yahoo.com). Also, if you know of persons who would be interested in speaking at the conference or of residency programs and/ or your medical school admissions office that would like to sponsor a booth or purchase an ad, please forward their contact information so we can add them to our list of participants. We look forward to seeing you in November!

Sincerely,

Jamie A. Singleton  
SNMA Region IV  
Regional Conference Co-Chair
